British Grain Review.

LONDON, Aug. 3 .- The Mark Lane Ex-

press, in its weekly review of the British grain trade, says: English wheat advanced 3d. The provincial mar-

ket reports a great exhaustion of wheat reserves. It is estimated that at the end of August only one-nine-

teenth of the old crop will be carried over, as compared with the usual amount, one-tenth. Foreign wheats were firmly heid at an advance of 6d. No markets to-day—hol-

Groesbeck's First Bale.

Special to the Gazette.

Alice Cartwright, Weatherford

Union Pacific railroad was in Eureka last week, says the Alliance Union, and in consultation with one of our business men, said that the Union Pacific railroad must get to deep water on the Gulf of Mexico in the near future, by a shorter line from Lin-coln and Omaha, than they now have, and Minnie Cox, Terrell.... McLennan County. must start from Manhattan, Kan., and will run south by way of Emporia, or Council Grove, Eureka, Howard, Sedan and on to Fort Worth, Tex., where it will connect with the road that runs from Denver to Fort Worth. Notan County.

1225

...... 23,469

You will see," said the man, "the Union Lula Lea, Sweetwater..... Pacific railroad to get from Omaha or Lin coln, Nebraska, to the gulf, must go to Denver, Colo., thence southeast over that line to Fort Worth. This link from Manhattan is an absolute necessity, for we must get our share of the Nebraska trade to the gulf, and this is the shortest end best line that could possibly be had. Yes, the Union Estella Frizzell, Henderson..... Mary McGehee, Grapevine Pacific will be looking over this line soon.

SEABOARD TRAFFIC.

What are the Texas Lines Doing to Secure

the Business? Already the flow of traffic to the south-east, seeking an outlet to the ocean through the gulf ports, is attracting considerable attention, and the lake and rail lines are doing all in their power to influence grain shipments via Chicago to Liverpool. The rate from Chicago to Liverpool on wheat is 15.50 cents per bushel, and from Galveston 15 cents. According to this the rate is really lower via Chicago than via Galveston, and that the roads are endeavoring to hold this traffic is shown by a resolution introduced at the last meeting of the Western troduced at the last meeting of the Western

traffic association.

The resolution is as follows:

"Resolved, that rates on scaboard west-"Resolved, that rates on scandard west-bound traffic to points beyond the Western termini of the trunk lines via ocean and rail through Atlantic coast seaports be, during the winter season, the following figures less than the all-rail rates:

Cents per 100 pounds 10 8 6 4 4 0 "And that during the season of lake navigation they may not be less than the trunk line rail-and-lake rates with the following figures added: 1 2 3 4 5 6

Cents per 100 pounds......5 4 3 2 1 1
"Except that the rates reached on what is herein described as winter rates may be used as a maximum.
"It being understood that the trunk line rail-and-lake rates are uninsured and the rates by Atlantic ports may be insured on the ocean. This is not to affect or change the existing agreement between the trunk lines and the Central Vermont or Ogdens-

burg Transit company."

This evoked considerable discussion and was postponed to a future meeting. The Chicago lines oppose allowing a lower differential to the Southern lines than is al-GROESBECK, LIMESTONE COUNTY, TEX.. lowed the Kanawha Dispatch.

Aug. 3.—Groesbeck received her first bale of cotton to-day, which sold for 10 cents par traffic is southward, and it has been di-

verted to Chicago through manipulation. If verted to Chicago through manipulation. If
the Santa Fe would enter into competition
at the Missouri river termini for the guif,
instead of the Eastern seaboard, its southbound tradite would be quadrupled, and by
a combination with a Liverpool line of
steamers, a rate on export grain could be
fixed from Kansas City to Liverpool that
would paralyze the Chicago lines.
It is said the Denver is already using
every effort to secure tradio from Denver
and Western territory to the guif, and that
already a large proportion of Denver's exraised by J. H. North, and was sold to the merchants of this city.

Our merchants are daily receiving large shipments of goods; trade is growing bet-ter each day and Groesbeck's boom still

already a large proportion of Denver's ex-port traffic flows southward over this line. The question now is, are the Texas lines going to work for Texas or are they going to accept a small proportion of a very low through rate and route the business vin Chicago in order to please Eastern connec tions?

Tall Lights.

J. V. Goode, superintendent of the Den-eer, came in yesterday morning. The Pease river bridge, on the Denver, is repaired, and through train service was re-

sumed yesterday. G. B. Dewees, claim agent of the Denver, is home from his vacation. He reports having had a thoroughly enjoyable trip. The difficulties between the Missouri, Kansas and Texas and the Southwestern association have been settled, and the road will remain in the organization.

O. O. Winter, general superintendent of

the Denver, came in from the Pease river bridge yesterday, where he has been super-intending the work of repairing the struct-The Santa Fe announces that tickets will be on sale at \$5 for the round trip from Fort Worth to Houston, account of the Colored Odd Fellows' meeting on Aug 6.
